LEVEL 1: SEGREGATED ACCOUNTS

Corporate funds and client funds are kept in separate bank accounts. This ensures client funds are never used for operating expenses, no matter what.

LEVEL 2: INDEPENDENT CUSTODIAN

Administration of client funds is done via an Independent Custodian with separate directors. This ensures protection against any misappropriation or mishandling.

LEVEL 3: INSURANCE POLICY

An insurance policy for Professional Indemnity and Crime Cover is taken on the Custodian to cover wrongful acts and crimes committed; either internally or externally.

LIGHTNING SPEED EXECUTION

Our data centres are located in prime locations all around the Asia Pacific region to ensure a seamless trading experience. The data centres are then connected to ultra-high speed servers located in London – the world's largest financial centre. Through our partnerships with tier-one banks and Equinix, a multi-billion dollar public company listed on NASDAQ, we have spared no expense to ensure low latency connectivity to our dedicated servers in London. This has ensured network speeds of less than 1 millisecond.

This world-class infrastructure is setup to ensure that all clients receive a trading experience like no other. Enjoy lightning speed execution and low latency connection accessible anytime, anywhere.
