

Job Overview

The Research & Education Executive plays a vital role as the front-liner of the company. The position will have direct impact to the company's brand, public reputation, and customer satisfaction. The main responsibility is to add value to our customers by providing market information, trading education and events in Malaysia.

Responsibilities

We offer broad scope of work to individuals who want to pursue a career in the Forex/financial world.

- Produce market/trading articles on a regular basis.
- Conduct market/trading webinars on a regular basis.
- Produce all market/trading related materials to be posted on websites, social medias etc.
- Source and evaluate trading tools, e.g. MT4 tools/customised indicators etc.
- Speak in seminars/workshops to talk about the Forex/financial markets.
- Appear in media for interviews to talk about the Forex/financial markets.

Requirements

We are seeking someone who is proactive and takes pride in whatever he/she does.

- Proficient in both English & local language (Bahasa Indonesia) business communication (written & spoken)
- Proficient with Windows (Word & Powerpoint) and Mac (Keynote).
- Passionate in Forex trading, Stocks, Crypto and financial markets.
- Willing to speak in front of crowd.
- Willing to appear in media for interviews.
- Familiar with the Meta trader 4 trading platform.
- 1-3 years' experience.

Benefits

We offer an attractive compensation and benefits package for successful applicants which includes:

- 5 days' work week
- 12 days annual leave
- Medical coverage
- AWS + Performance based bonus
